I am a voter and taxpayer in this County, over which you and your fellow school board administrators preside regarding the curriculum our children are being taught.

Critical Race Theory (“CRT”) curriculum is Marxist ideology propaganda and is teaching our American ideals and institutions are bastions of white supremacy . . .

. . . and those children who are white because of their skin color, are inherently racist and to be ashamed of who they are, and their American heritage and our U.S. Constitution is fundamentally flawed and is an insidious instrument of oppression.

CRT promotes warring factions within our country – dividing our children by ethnic, gender and even religious lines.

As taxpayer (and voter) I am outraged that my tax dollars are being spent to pay for this outrageous, anti-American, Marxist political indoctrination of our children in our public schools.

I strongly urge you to BAN Critical Race Theory (CRT) in our public schools. I will be watching closely to see what action you take on this critical national issue.

Respectfully,
