INSTRUCTIONS: Please mark the answers that come closest to your point of view. Leave questions blank you prefer not to answer.

ISSUE SUMMARY: "**Critical Race Theory**" (CRT) is now the foundation of the teaching curriculum in schools and colleges across America. "**Critical Race Theory**" (CRT) has its origins in the 1960s and 1970s. It's based on Marxism, which is the philosophy behind **Communism** – which led to the slaughter of more than 100 MILLION people. "**Critical Race Theory**" is Marxism and Communism rebranded. Instead of pitting classes of people against each other, as Karl Marx and the Communists did, "Critical Race Theory" pits black and brown people (called "oppressed people") against white people (called "oppressors"). "**Critical Race Theory**" also indoctrinates white children to hate themselves, to hate their parents, and to hate America.

QUESTION: #1 What is your opinion of this "**Critical Race Theory**" curriculum that's now embedded throughout American education at every level from kindergarten through college and beyond?

Horrible. Strongly Oppose Oppose I Support the CRT Curriculum Not Sure

ISSUE SUMMARY: CRT teaches children that America was built on racism and is evil at its founding. CRT separates white children from non-white children so that white children can focus on the evil of their whiteness and so non-white children can focus on how they have been oppressed by white people and by America.

QUESTION #2: How much damage do you think this Critical Race Theory curriculum is doing to America's children?

Enormous Damage Some Damage I Think CRT is Good for Children. Not Sure

QUESTION #3: How dangerous do you think this Critical Race Curriculum is to America?

Very Dangerous Dangerous Not Dangerous I Support CRT Not Sure

ISSUE SUMMARY: Under Joe Biden's direction, the U.S. Department of Education is pushing all schools and colleges to adopt this Critical Race Theory curriculum. The Department of Education is providing grants (taxpayer money) to schools that adopt the Critical Race Theory curriculum.

QUESTION #4: What do you think of the fact that Joe Biden and his administration are aggressively promoting this "**Critical Race Theory**" curriculum?

I Strongly Oppose This Somewhat Oppose I Support This Not Sure

ISSUE SUMMARY: A Virginia mom named **Xi Van Fleet** who escaped Mao's Communist "Cultural Revolution" in China that killed 60 MILLION people gave a speech to the Loudoun County School Board. She said this:

"You are now teaching, training our children to be social justice warriors and to loathe our country and our history. **Critical Race Theory** has its roots in cultural Marxism. It should have no place in our school. The Communist regime used the same **Critical Theory** to divide people. The only difference is they used class instead of race."

QUESTION #5: What is your level of agreement or disagreement with this refugee from Mao's Communist China, who says the "Critical Race Theory" curriculum is another name for Communist ideology and indoctrination?

Strongly Agree Agree Disagree Strongly Disagree Not Sure

ISSUE SUMMARY: Here are some examples (we have many more) of what's happening in schools across America:

- In Philadelphia, fifth-grade children were required to celebrate "Black communism."
- In Buffalo, New York, public schools forced kindergarteners (age 5) to watch a video of dead black children warning them about "racist police" who might kill them. The schools teach children that America is systemically "racist" and that white people perpetuate systemic racism.
- The Arizona Department of Education created an "equity" toolkit that claims babies show signs of being racist when they are 3-months old.
- In Springfield, Missouri, a middle school required teachers to locate themselves on an "oppression matrix." This lesson claimed that white heterosexual males are inherently oppressors and must atone for their "covert white supremacy."
- In Las Vegas, a mixed-race high school senior named William Clark was told he could not graduate because he refused to confess to his "white dominance." The students were asked to publicly reveal their race, gender, religious, and sexual identities, and then attach derogatory

labels to those identities. Students were then asked to "undo and unlearn" their "beliefs, attitudes, and behaviors that stem from oppression."

QUESTION #6: How much damage do you think this CRT curriculum is doing to minds and hearts of America's children?

Enormous Damage Some Damage I Think This is Healthy for Children Not Sure

ISSUE SUMMARY: At a school board meeting in Florida, a black mother said that CRT teaches hate and is anti-American. Keisha said: CRT "does not teach the truth. . . . Telling my child, or any child, that they are in a permanently oppressed status because they are black is racist."

QUESTION #7: What is your level of agreement or disagreement with this mom, **Keisha King**:

Strongly Agree Agree Disagree Strongly Disagree Not Sure

ISSUE SUMMARY: Partly in response to stories like this example from Florida mom **Keisha King**, **Governor Ron DeSantis** and the **Florida** legislature enacted legislation that eliminates Marxist Critical Race Theory from Florida's K-12 public schools. **Governor DeSantis** explained why this way:

"The woke class wants to teach kids to hate each other, rather than teaching them how to read, but we will not let them bring nonsense ideology into Florida's schools. As the Governor of Florida, I love this state, and I love my country. I find it unthinkable that there are other people in positions of leadership in the federal government who believe that we should teach kids to hate our country. We will not stand for it here in Florida. I'm proud that we are taking action today."

QUESTION #8: What is your level of agreement or disagreement with Governor DeSantis on this issue?

Strongly Agree Agree Disagree Strongly Disagree Not Sure

BATTLE PLAN SUMMARY: The FOUNDATION FOR LIBERTY and AMERICAN GREATNESS (FLAG) has launched a NATIONAL CAMPAIGN to eliminate destructive, Marxist **Critical Race Theory** curriculum from America's schools, especially from taxpayer-funded government schools. Our projects and programs include . . .

- 1) **FLAG is creating and distributing educational materials** (books and booklets, fact sheets, and videos) to millions of parents, grandparents, teachers and elected officials. We are distributing these materials via postal mail, email and social media. FLAG President Nick Adams is also making regular appearances on FOX News, Newsmax and other TV and radio broadcast outlets to sound the alarm on how dangerous Critical Race Theory is to America and our children.
- 2) **FLAG founder Nick Adams travels to all corners of the country each week** to speak at conferences, forums and workshops to recruit parents, grandparents and teachers to become active in the fight to remove Critical Race Theory indoctrination from our schools. Specifically, FLAG is urging parents and teachers to run for school board, also to attend school board meetings and to speak out against Critical Race Theory.
- 3) We remind parents and teachers to make sure their comments at school board meetings are captured on video which FLAG then helps distribute to the media and on social media. Very often FOX News and other broadcast outlets will air these videos. This is a big part of how we generate an overwhelming voter backlash against Critical Race Theory.

4) We are urging governors and state legislatures to ban Critical Race Theory from their schools. So far, **Florida, Texas, Oklahoma, Arkansas, Tennessee, Idaho** and **Iowa** have now banned evil "**Critical Race Theory**" from being taught in the public schools of those states. Many states are now debating legislation to ban "Critical Race Theory" in K-12 public schools. So we're making progress. We are getting the attention of many influential pro-America elected officials who are introducing legislation to ban "Critical Race Theory" from the schools. But we have a long battle ahead.

5) We are making Critical Race Theory indoctrination of America's children a key theme and focus of the all-important **2022 Midterm Elections**. We are asking politicians where they stand on this issue. We then alert voters on where candidates stand concerning the brainwashing of children into this radical racist, anti-American Communist ideology.

QUESTION #9: Will you send your best gift to help fund this National Campaign to Ban Critical Race Theory Indoctrination from America's schools?
